#### REPUBLICAN COUNTY CONVENTION.

The Republicans of Mason county are called to meet in Mass Conven tion at the Courthouse in Maysville on Saturday, August 11th, 1906, at 2 o'clock p. m., for the purpose of selecting Delegates to the Congressional Convention to be held at Ashland on August 15th, 1906.

It looks like the street contractors had started out with the idea that the people of Maysville were a bunch of greens.

THE Cincinnati Fall Festival Association is now "working" the innocent "country Editors" for \$10 notices in return for a 25 cent ticket.

If the city anthorities would only stop some of the altogether nnnecessary whistling and bellringing indulged by C. and O. Engineers within the city limits, it would be more satisfactory than enforcing the speed limit.

HEREAFTER trains on the C. and O. will be required to observe the six-mile-an-hour limit in passing through the city. This will afford many of the "small boy" an opportunity to "hop on" and "hop off"—and get their arms and legs cut off. Just watch, and see how soon some of it will happen.

In a varied experience as a practical mechanic, I have never yet known a single instance where the "cheapest" bid for a piece of work meant the "best" work; and the contract for the brick streets is one more evidence along this line. It is well to remember that the "best" is the "cheapest," and that the "cheapest" fellow is the one who will slight his work to get even.

SAM Jones the Evangelist, whose unique vulgarisms from the pulpit have made him known from Bangor to Behring Sea and from Toronto to Texarkana, passed through Cincinnati a few days ago, halting only long enough to say-

"If I was in Cincinnati, do you know what I would do with Mayor DEMPSEY? Well, I will tell you. I would swap him for a yellow dog-and then I would kill the dog. In this way we could relieve the community of two things which are quite useless."

Failing to designate the mode of execution, it might yet be a question, from the Sam Jones standpoint, as to who would get the worst of the bargain—the dog or the people.

An Irishman was walking along a road alongside a links when he was suddenly struck between the shoulders with a golf ball, says The New York World. The force of the blow knocked him down, and when he got up he observed a golfer running toward him.

"Are you hurt?" queried the player. "Why didn't you get out of the way?"

"And why should I get out of the way?" asked Pat 'I didn't know there were any assassins around here."

"But I called 'fore,' " said the player, "and when I say 'fore' that is a sign for you to get out of the way." "Oh, it is, is it?" said Pat. "Well, thin, when I say 'foive' it's a sign that you are going to git hit on the nose.

Ohio Valley undoubtedly had its effect when, in cere accord with the new and the enlightened 1827, the Federal Government undertook the policy out of which only the best results must work of improving the Ohio.

WHAT IS THE TONNAGE OF TODAY?

As to the tonnage of the stream today, reforence is had to the recent report of Major J. G. Warren, U. S. A. Engineer Corps, in which the tonnage of the Ohio is given at 13,163,156 tons for the fiscal year ending June 30th, 1906, 4,193,971. But that the tennage is necessarily approximated, is demonstrated by the urgent request of the United States Board of Engineers for complete statistics, and they are obtainable only from the shippers using the Ohio as a means of finding a market and receiving

If the tonnage statistics of the Ohio were considered as of value to the shippers of 1810, how much more valuable they are today need not be stated for it is the tonnage that fixes its value as a highway of trade and of commerce.

The great importance of tho statistics has already been pointed out in these columns-but promptness in furnishing them is of equal importance, for it will not be long before Congress

"Chalrman Burton, of the House Rivers and Harbors Committee, says that the appropriation bill which he will report next winter will call for \$75,000,000, but that none of this will go for deep water between the Lakes and the Mississippl. Probably Mr. Burton will change his mind before his bill reaches the House. St. Louis, Chlcago and the rest of the big towns ln this vicinity are setting at work to get a beginning made this winter in the Lake-to-the-Gnlf project, and are likely to bring sufficient pressure to make the Rivers and Harbors Committee

ON WHAT THE IMPROVEMENT DEPENDS.

While St. Louis is not to be blamed for desiro to advance her interests, it is equally true that the shippers using the Ohio and desiring its improvement to a nine-foot stage from Pittsburgh to Cairo, should follow in the line of with the total number of passengers carried at the new policy, and by furnishing statistics of their shipments, when called upon to do so, to aid the Board of Engineers in the demonstration of what is an undoubted fact-that the tonnage of the Obio was not limited to 13,163,-156 tons during the fiscal year of 1905-06, but that it is far more probable it was nearly double

The shippers of the Ohio Valley know the fact—but the Board of Engineers desires figures. The important thing is prompt compliance when called upon for the figures of the present tonnage of the Ohio, and they should be as complete as they were given by Messrs. Nelson, Wade & Greatsinger in 1814.

### A MEASURE OF MERIT

Maysville Citizens Should Weigh Weil This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Maysville, Is not the testimony of strangers, But the indorsement of Maysville people. That's the kind of proof given here-The statement of a Maysville cltizen.

Mrs. Lizzle Burns, living on the Blue Run Turnpike, West End, Maysville, Ky., says: "My opinion of Doan's Kldney Pills which I expressed through our newspapers in the spring of 1900 has not altered. I value this preparation more highly today than I did when I gave my first testimenial. Before I got Doan's Kid-ney Pills at J. James Wood & Son's Drugstore I was troubled with sovere spells of backache and kidney complaint, which came on every three or six months, and there were times when I was confined to my bed and rendered almost helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have noticed slight returns of backache since, but an appeal to Doan's Kidney Pills has never falled to quickly and positively check the trouble. In every case I know among my friends when Doan's Kidney Pills have been used the

results have always been satisfactory.' Forsale by all dealers. Price 50 cents a box. Poster-Milburu Co., Buffalo, N. Y., sole agents for the United States.
